

Week of Compassion Around the World – Around the Year

The logo says, “Around the World, Around the Year.” Yes, Week of Compassion helps people with relief from natural disasters and provides development around the world and yes, it is around the year – not just one week. But, did you know that Week of Compassion relief is found right in our own back yard?

Last year Week of Compassion provided nearly \$10,000.00 to congregations and families in need in the Mid-America Region. These monies were provided for immediate needs following storms and flooding in Missouri. Some monies were provided in the way of grants which help sustain local disaster efforts.

Churches will be sharing the Week of Compassion Special Offering February 21 and 28. This is your opportunity to give generously so that your friends and neighbors in Mid-America might receive assistance in the coming year. This is your opportunity to give generously so that your gift may be used “Around the World, Around the Year.”
